

Lutheran High School, La Verne

“Our 46th year of Quality Education and Meaningful Ministry”

Service Hours Requirement for Theology Classes.

Summer is a great time to work towards service hours that count for the following school year. They will not transfer over to any other year, but would fulfill the Theology grade requirement for that year up to 24 total hours.

Usually, during the summer, this may look like the following:

- VBS
- Mission Trips
- Help at a local care facility, workplace (for no pay) shelter, or even an animal shelter.

The current description of the type of service required has been quite flexible. The public square is a great place to serve our neighbors. I also find that service to our closest neighbors (our family) is lacking much today as well. Therefore, both are possible types of service hours for the 6 hours demanded each quarter to be done, which can include any public or family needs, including grandparents and parents/guardians/homestays. These hours *cannot* include pay and *cannot* include normal expectations of chores around the house. It *has to be* over and above the what is normally expected.

No pay. No chores. 6 hours per quarter. Find joy in serving others as Christ has joy in serving you. Hebrews 12:2
